Gentlemen:

In reply to your inquiry as to the efficiency of Times Want

"For sale-High arm sewing machine with attachments

give this publicity.

Our business grew until we could no longer supply the demand; making it necessary to secure the agency of some new machine. After a long period of negotiations, we secured the product of the Davis Sewing Machine Factory, which we gave us a line of ordinary underfeed machines, such as are found in any sewing machine office, and in addition, the Davis Vertical Feed; which has sewing qualities possessed by no other machine.

Dayls vertical reed, which all the machines are machines. The first year we sold only underfeed machines, using this time to perfect a system of teaching embroidery and famoy work, in addition to plain sewing.

In June, 1987; we moved to 913 9th St., N.W., to larger quarters; advertising Davis make machines from \$14.90 to \$65.00, teaching all kinds of famoy work and plain sewing free of charge, still using times want Adg. as our chief medium.

Times Want Ads. " as our chief medium.

Thus a "Times Want" AD" has been the Corner stone to a successful business conducted differently from any other in selling without agents, in being the first in the United States to successfully teach embroidery. Our machines are never put in unsanitary houses for trial which secures cleangoods to purchasers.

Our Motto is: "Mever promise what you cannot afford to do, always do what you promise, and advertise in the Times."
